Gentlemen:		Mode of Procurement	SVP

Please furnish this Office the following articles subject to the terms and conditions contained herein:

Place of Delivery:	PSHS-MRC, Rizal, Odiongan, Romblon		Delivery Term:		none
Date of Delivery:	14 CD		Payment Term:		30 Days

Stock / Property No.	Unit	Description	Quantity	Unit Cost	Total Cost
Lot 1	set	**DIVE REGULATOR (1st, 2nd, and Octopus)**	6	₱ 18,766.80	₱ 112,600.80
		* With certification that passed the European Standard for diving, currently EN250:2014"			
		* With certification that regulator was tested at depth 50msw with an air flow of 830 l/min at water temperature of 10°C.			
		FIRST STAGE			
		• UST Balanced diaphragm first stage.			
		• A balanced, diaphragm design – provides consistent easy breathing from start of dive until end.			
		• 1 HP port and 4 MP ports are available."			
		SECOND STAGE			
		• Pneumatically-balanced second stage results in smooth, easy breathing			
		• The integrated venturi control provides a performance boost at depth while preventing unwanted freeflow at the surface			
		• mouthpiece virtually eliminates jaw-fatigue."			
		OCTOPUS			
		• Pneumatically-balanced second stage results in smooth, easy breathing.			
		• The diver has full control of the venturi by means of a lever so as to prevent accidental freeflow when the octopus is not being used."			
		TERMS AND CONDITIONS: (1) Products and all inclusions must be free from defects in materials and workmanship. (2) Should have at least 1-yr warranty			
Lot 2	set	**DIVE REGULATOR (Pressure and Depth Gauge)**	6	₱ 6,981.00	₱ 41,886.00
		• The gauge case is made from nickel plated brass			
		• Luminescent face up to 360 bars			
		* The dial window is made of highly shock resistant material (anti-splinter polycarbonate			
		• A specially designed housing protects the gauge and HP hose fitting from accidental damage			
		• A large loop area designed into the housing allows for easy attachment.			
		• There is an over-pressure capsule fitted in the back of the module to prevent the screen from exploding in the unlikely event of the internal mechanism			
		• Dials have a long phosphorescent effect for better reading in poor visibility conditions			
		• There are 2 attachment areas integrated into the design for position flexibility			
		• This may be a compact design but the displays are vivid and clear – perfect for diving. For example, the depth gauge spreads the first half of the scale and in total shows a range down to 70 m.			
		• Depth gauge has resettable max depth indicator"			
		TERMS AND CONDITIONS: (1) Products and all inclusions must be free from defects in materials and workmanship. (2) Should have at least 1-yr warranty			
		Nothing Follows
